

# Leadership Course

## STATEMENT OF ATTAINMENT

### Nationally Accredited Units in this course

**BSBXCM401** - Apply communication strategies in the workplace. Develop skills and knowledge required to facilitate and apply effective communication strategies in the workplace within any industry.

**BSBCMM412** - Lead difficult conversations.

Role play and case studies show us how to guide to prepare, facilitate and lead difficult conversations.

**BSBPEF502** - Develop and use emotional intelligence.

Emotional intelligence is the ability to be self-aware and to self-regulate. Emotionally intelligent leaders and managers know their strengths and challenges and how to achieve outcomes. Just like IQ is a measure of intelligence, Emotional Quotient (EQ) is a way to measure how well you interact with people. The more EQ the better a leader can recognise emotions in themselves and others, and how they manage these emotional states to motivate and build stronger teams.

### SUITABILITY

#### INDUSTRY PARTICIPANTS:

Supervisors and Managers in the **Breeding and Racing** industry that are responsible for individuals, mentoring trainees, leading teams and/or area sections.
